Meetings at Oldtown & Orono.

MR. LEBROKE

Of Exeter N. will address the people of Oldtown THIS (Wednesday) EVENING

And at Orono THURSDAY Evening July 31st

The Bangor Journal calls it "speculation" for the publishers of the Republican Journal to receive from the State the amount due them for public printing,—I correctly as we have no doubt—but the bids upon which it was awarded under the re-organization, were accepted by the Governor [illegible] for printing [illegible] was for. If there had been anything like those bids which could be justly considered extortionate by the friends of the Journal's party would have jumped at it with fierce relish.

We gave remark, by the way, that the profits of the State printing (exclusive of advertising which is [illegible] the immediate [illegible] have received without grumbling for fifteen or twenty years,) amount to about the sum received by the editor of the Bangor Journal as salaries of the two comfortable offices he has by him under favor of the hunker democracy—titles and pay as a reward for a faithful [illegible] the slum to normally pay.

We do not suppose, however that there is any [illegible] in the fact of his securing those salaries

The Journal also makes a tremendous [illegible] at her about what it calls the "unprecedented charge" of [illegible] per cent made by Quartermaster General Buchanan for services rendered [illegible] $2,000 worth of small stock property and our clearing out his property to the same amount that a two and a half per cent for sales, and the loss of commissions. Like a drowning creature [illegible] about, we advise the Journal to rally up the former bills to its own party friends. If it desires the Democratic Journal to reproduce the beautiful [illegible] of political fraud, [illegible] acquittal of Buchanan and [illegible] Mr. Attorney General [illegible] A. J. THE GREATEST

MEDICAL DISCOVERY

Of the Age.

Dr. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds, a sure remedy for the worst

EVERY KIND OF HUMOR,

From the worst Scrofula down to a common Pimple.

He has cured in over One Hundred cases, never failed except in two cases, both of them bad cases of Erysipelas. He has in possession over two hundred certificates of its virtues, all within twenty miles of Boston.

Two bottles are warranted to cure the worst case of salt rheum.

One to three bottles will cure the worst case of ringworm on the face.

Two to three bottles will cure the worst kind of pimples on the face.

Two to three bottles are warranted to cure the worst canker in mouth and stomach.

Three to five bottles are warranted to cure the worst case of Erysipelas.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running of the ears and deafness among the same.

Four to six bottles are warranted to cure constant and running sores.

One bottle will cure scald head.

Two to three bottles are warranted to cure the worst cases of ringworm.

Two to three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure the salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle; and a perfect cure is warranted when the above quantity is taken.

Reader, I could point you over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as we offer will exhaust fire, so sure will this cause failure. I never sold anything that sold so well, and when after a trial it always speaks for itself. There are, two things about this herb that appear to me quite singular: first, that it grows in such profusion in, some places quite rank, and yet very few have ever been known to use it. I discovered it in 1849—spended, that it should cure all kinds of humors.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day—if I

Several cases of epileptic fits—a disease with which we sometimes [illegible] have been cured in a few months. O, what a mercy it will prove to [illegible] in all cases of that awful malady—there are but few who are seen more of it than I have. Any one interested can examine specimens, of the work at the factory, near the Rope Place, or at the store of M. E. Ingham, on Exchange st., and at such other places any article may be obtained or large quantities ordered.

Suits for the infringement of our patents have recently been decided in our favor in the U. S. Circuit Courts in New York and New Jersey. In these suits the great principle of

which is used on all Sewing Machines—has been fully established. The Wheeler & Wilson, and the Grover & Baker Sewing Machines, are also infringements upon the patents owned by us. We have suits against them in several of the U. S. Courts, which will soon be tried. We hereby caution the public not to buy any infringing Machines, as they will be compelled to stop using them, and pay damages.

Local Agents wanted to take agencies of our improved sewing machines. To persons properly qualified for the business, a permanent agency for profitable and pleasant employment is offered.

HELMBOLD'S GENUINE PREPARATIONS

HELMBOLD'S

HIGHLY CONCENTRATED

Compound Fluid Extract Buchu.

IS A CERTAIN, SAFE, AND SPECIFIC REMEDY

For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Dyspepsia, Scrofula Diseases of the Skin, Female Complaints,

and all Diseases of the Sexual Organs, whether in

MALE OR FEMALE,

from whatever cause they may have originated, and *No Matter of How Long Standing.*

This Compound is the prescription of one now offered to the afflicted, with a warrant to cure all the above complaints. It removes at once the exciting cause of the disease, restores the healthy tone of the digestive organs, purifies the blood, and imparts vigor to the whole system. To effect this, and obviate the evils inducted by [illegible] and improper use of Mercury, Sarsaparilla, and Bark, A. [illegible] Wasting Diseases, and Broken Down Constitutions, requires the aid of a Diuretic, Solvent and Tonic. This is the peculiar province of

HELMBOLD'S EXTRACT BUCHU.

The most eminent Physicians have declared that the most effectual mode of extracting the virtues of the Sarsaparilla is by combining it with Buchu, and to this cause the great efficacy of Helmbold's Extract Sarsaparilla in purifying the blood, is to be attributed. The experiments and studies of years have resulted in the production of this Extract Sarsaparilla, which, for purity, strength, economy, and the power of its curative action, is unequalled by any other preparation in the world. Containing all the purifying principles of the Sarsaparilla root, in a more concentrated form, and in combination with other substances more searching in their effects upon the system, it is found to be a more reliable remedy for the cure of all diseases originating in an impure state of the blood, or constitutional taint, than any other preparation before the public. Hence, in recommending it to the afflicted, we do so with the full confidence that it will do all that is claimed for it, and that no case of disease can be found which will not be relieved by a fair trial.
